Reason for Request:

This permit remains in effect each year until the property owner(s) requests a revocation. Once a revocation has been requested, permission for a future request may not be granted. The \$10.00 per month charge for the months of November, December, January, February and March will be added to your monthly utility billing.

Please route the discharge back outside after March 31 of each year. An unannounced inspection can take place at any time and anyone found in violation of the ordinance may be charged \$100.00 per day.
